

OREVEIN GAINS IN DIMENSIONS ON BETTS LEASE

The showing on the Golden Eagle claim at Royston, operated under lease by D. E. Betts, George Box, Harry Cunningham and C. V. Day, commenced that of any claim since development was first instituted with the intent of the owner of a new vein as a result of the showing on the Betts lease. The vein is now 24 feet in width and the showing is being made on the vein in the same way as the showing on the Betts lease.

The showing will be held on the Golden Eagle claim at Royston, Nevada, on Sunday, November 13, 1921, at 10 o'clock a. m. OPERETTA SUCCESS AT HIGH SCHOOL

The Betts-Ross operetta presented by the children of the Tonopah high school last evening in honor of Armistice day was greeted by one of the largest audiences that ever assembled in the school gym. Standing room was at a premium and crowds were turned away.

The beautiful flag, 54x16 feet, presented to the school by the Women's Relief Corps, was released at the close of the entertainment, draped into view at the rear of the stage. Simultaneously "Liberty" with her torch, impersonated by Miss Nelson, appeared. While "The Star Spangled Banner" was sung by the operetta chorus. The scene was most impressive and the school is deeply grateful to the Women's Relief Corps for the donation.

The school wishes also to acknowledge with gratitude the flag presented by the Red Cross, a picture of General Pershing, presented by Mrs. Chapman, president of the Red Cross, and a star with 12 stars, made and presented by Mrs. Van Eaton.

LEGION DANCE WAS PRONOUNCED SUCCESS

The May 2, 1921, post of the American Legion today handed Mrs. J. McQuillan a check for \$126.00, the net proceeds of the Armistice day dance. This money will be used for local charity purposes, and in addition to those present having had a most enjoyable time, they have the satisfaction of knowing the money will be judiciously expended for the benefit of the community.

The money was handed to Mrs. J. McQuillan, a resident of the town of the hall rent of the Aldome was made by the management, and all of the printing publicity was furnished by the papers of Tonopah. The only expense of importance was that of the orchestra, which was paid the full union rates.

AMUSEMENTS

"THE PERFECT CRIME"

AT THE BUTLER TODAY

Have you ever had an uncontrollable desire to be—be magnificently so as to impress someone with your importance? Have you ever had the desire to pretend to someone that you're a dashing hero or a society belle when as a matter of fact you are nothing of the sort? Have you ever felt that if you could attract someone's attention you could hold it—and have you ever had the desire to do it?

On the assumption that you will answer all these questions in the affirmative Allan Dean has produced "A Perfect Crime," a comedy-drama as his second Associated Producers' release. Based on the desirability and even the importance of being an intelligent way. The pleasure comes to the Butler theatre today.

Wally, who has a role of Wally, George, a kind, bank messenger, whom everyone despises for his stupidity. Suddenly Wally, the workman, begins to lie. He tells magnificent and thrilling yarns about things which never happened on earth or sea. His ridiculous tales are published and he wins a beautiful girl who had married him in his honest ways.

There is a little sister in the story, too, and it is she who first started him on the adventure of spinning yarns by wholesale. The story is as perfect in spots as it is amusing in others. Jacqueline Logan, a former child actor, plays the leading female role, while Stanton Beck and Harlow Kirkland are also in the cast.

Tomorrow, Will Rogers in "An Awful Hero" and last episode of "The Son of Tarzan." Also beginning of "Hurricane Hatch" with Charles Hutchinson.

"1650 Level—1608 crosscut advanced 25 feet in West End rhynolite. Drifts 1615 east and west are being started on a small streak of ore cut in this crosscut. 1614 crosscut advanced 20 feet in footwall of Deming vein. Stopping in progress on Mergers Murray and Deming veins."

"1700 Level—1701 crosscut advanced 31 feet in West End rhynolite. 1710 raise, Mergers vein, advanced 21 feet on low-grade quartz. No. 1 hanging wall raise from 1705 west slope advanced 23 feet on 3 feet ore. A new raise, No. 2, is being started to cut this ore further east. Work was continued in winzes 1702 and 1706 with no change. Stopping in progress on Murray and Deming veins."

"1800 Level—1800 west drift, Mergers vein, was continued and now shows 3 feet of ore. 1801 crosscut advanced 51 feet and cut the Anchor vein, showing 6 feet of good ore. The crosscut is being continued toward the Murray vein."

"Development, 288 feet."

across 5 feet. Ore is now exposed in three raises on the 500 level. Raise 508 will break through to the 300 level within the next three days, after which time ore will be blocked out by means of intermediate drifts, and regular shipments will follow. A raise from the 300 level will be started at once to prove the extent and value of the ore above that level."

The Gold Zone management stands ready to show any competent engineer or mining man through the various workings of the mine who cares to examine the new orebody, according to Mr. Bradley.
